1st Transnational Project Meeting in Mosina, Poland 18-20 November 2015

Although it's quite cold in November in Poland, the atmosphere in Gimnazjum no. 1 in Mosina was very hot. Our project partners from Romania and Italy came to us for the first time!

We started our meeting on Wednesday evening, 18th of November. When our guests arrived we organised welcome dinner for all of us to be able to know each other a little bit.

Thursday morning was full of surprises. At the beginning we organised some kind of a tour around our school. Later there was a meeting with some students from our school. Our guest presented their schools and told us a bit about themselves. After these we started working. We had many different issues to discuss and many decisions to make.

In the afternoon we went for a short walk to relax and to visit our town, Mosina. The weather was tricky, but before the next panel discussions we had to refresh. Thanks to it we could fulfill our duties quite well, for example we chose the logo for our project.

Friday morning was very hard-working as well. We managed to set all the dates of our forthcoming meetings, decide about our school magazines and leaflets and many other.

Later we went to Poznań to show our guest some important places for our history, but not only. The end of that day ment the end of our meeting. After farewell dinner we had to say goodbye but fortunately not for long. We are meeting in March in Romania!
